## **Section 1 – Introduction**

This directory provides a list of Medicare Masterpiece PPO Plan Providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

There are special rules for out-of-network services. You do not need to get a referral or prior authorization when you get out-of-network care from non-plan providers. However, before getting an out-of-network service, you may want to check with your plan to see if the services you are getting are covered by your plan and are medically necessary. Although you do not need to get prior authorization for out of network services, you may have lower costs if you choose an in-network provider. For more information, see your Evidence of Coverage.

The Plan Providers listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.
